Our History

SeedSowers Publishing House was born in 1972 during the Jesus Movement. That is, we were born in a time of a revival that swept America.

SeedSowers came into existence because of the lack of virtually anything practical on the deeper Christian life. This is still where we stand.

We are committed to the goal of quality. We will not publish any book unless we feel that book is making a major contribution and is well written.

In the world of Christian literature, we are quality and we are depth.

I, Jeanne Guyon

by Nancy C James

Readers of Jeanne Guyon have been waiting for this book. Guyon's biography and autobiography are the most recommended, most read, and most revered life stories of any Christian woman in church history.

Now Nancy James has given us a new, better, and clearer story of Guyon's life. Dr. James has combined Guyon's biography and autobiography into one. The author has then cast the story in first person, that is, with Guyon speaking. Dr. James has added fresh, new insight into the life of church history's most revered and influential woman.

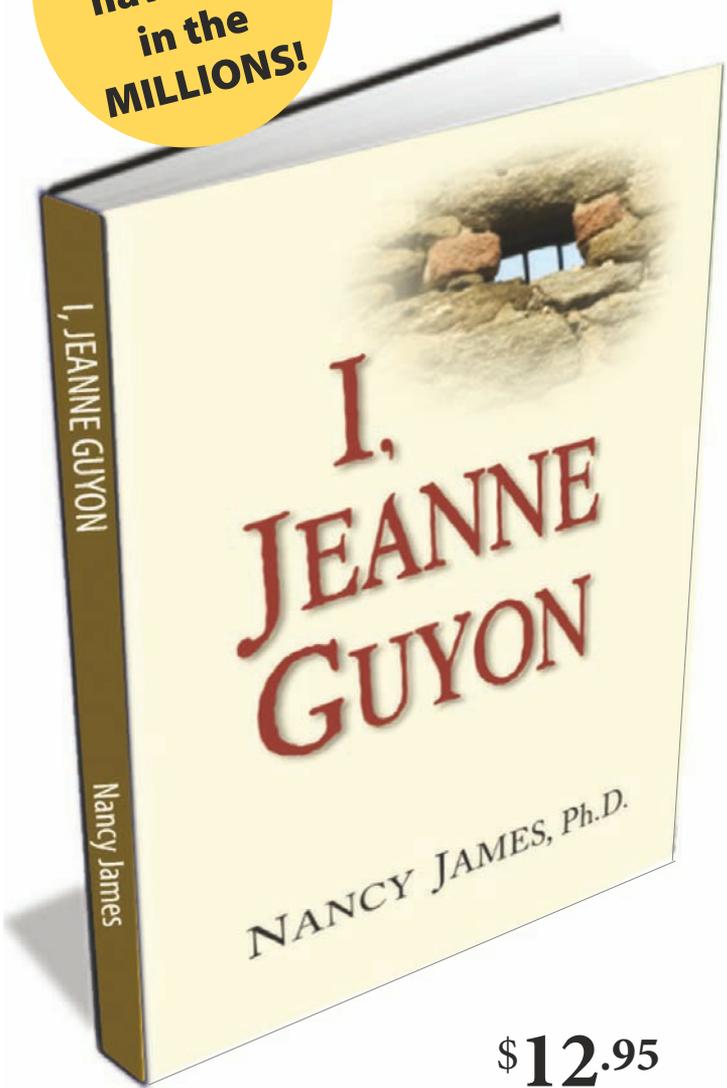

I, Jeanne Guyon now takes its place among one of Christianity's most significant biographies. Nancy James is America's leading authority on Guyon's life. Guyon's books have been in print without interruption for three hundred years, because so many Christians have been influenced by the story of her incredible life.

This is the story of one who became the most known woman in Europe during her lifetime. Here is the story of her imprisonments more vivid than ever before.

I, Jeanne Guyon will now spread the incredible story of her life even farther and cause it to be even more influential.

I, Jeanne Guyon has influenced the lives of hundreds of thousands of Christians. That includes Adoniram Judson, Hudson Taylor, the Quakers, John Wesley and the Methodists, Watchman Nee and the Little Flock, and just about everyone who has ever read her life story. Beyond that, *Experiencing the Depths of Jesus Christ*, which has never been out of print in three hundred years since it was written, is to be found on the list of the ten most recommended books for a Christian to read.

Guyon's books have sold in the MILLIONS!

The Jeanne Guyon Nobody Knows

by Gene Edwards

12 illustrations!

This volume is a look at Guyon's life that Gene Edwards discovered while in Europe researching the history of the Nonconformists. This included retracing the steps of Jeanne Guyon. Her life is not only unbelievable in its devotion, hardship, and notoriety, but it still held previously unknown facts.

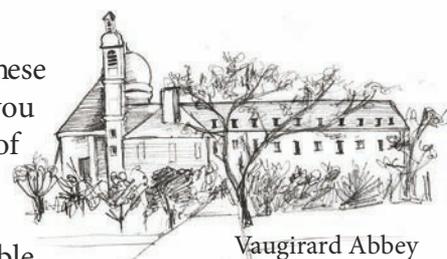

With camera in hand, Edwards photographed places Guyon's life led her - places never before depicted. You will find twelve pencil sketches of those photos included. These line drawings will allow you another visual depiction of her life.

If you have been influenced by the incredible life and books of Guyon, you will come to love her story all the more. Edwards researched her life story to the end and found something shocking that no one knew - what happened to Guyon after her death.

This is the first time the reader will understand what her imprisonments were like, as three of those prisons in which she was held still exist today.

The Largest Selling Book on Personal Evangelism . . . ever!

Here's How to Win Souls

At age 25, Edwards wrote a book telling how to lead others to Christ. Fifty years have passed. Edwards writes again on: "How I speak to others about Christ today." The book is entitled:

Here's How to Win Souls. . . 50 years later.

The first book, *Here's How to Win Souls*, became the largest selling book on personal evangelism. After writing that book, Edwards ended his ministry in the traditional church. Shortly thereafter he took *Here's How to Win Souls* out of print.

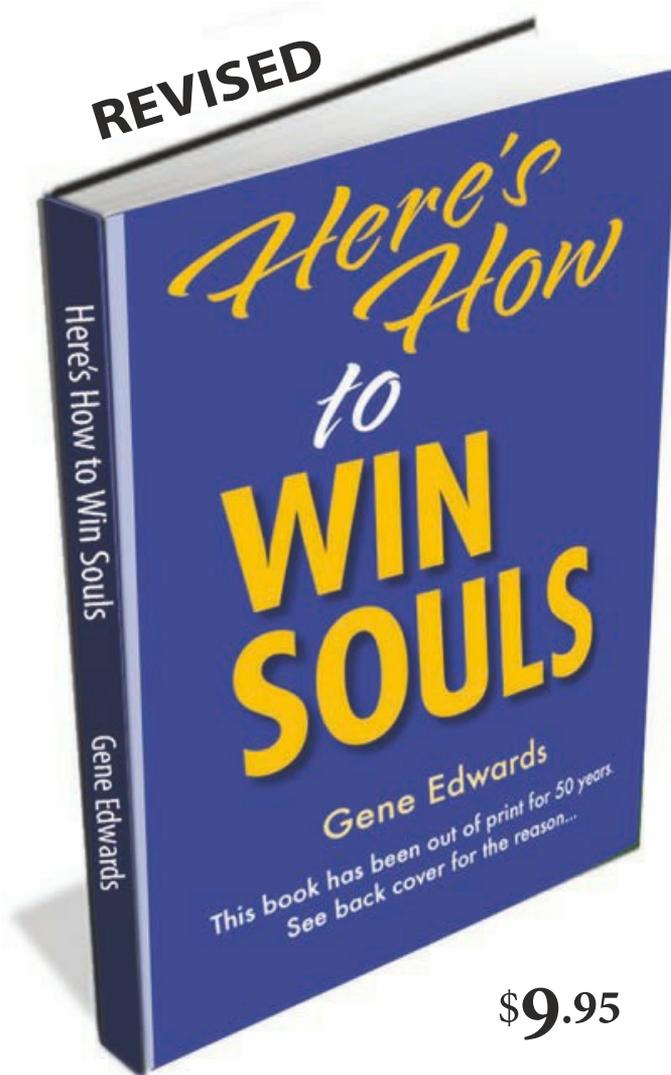

Years later, without his permission, his book was placed back in print and is selling for an exorbitant price.

We asked Edwards to place his book back in print. His response, "I will republish the core of the book and I want to add a section at the end, How I Lead People to Christ 50 Years Later."

Here it is, a book that became the textbook on personal evangelism in seminaries and Bible schools all over the world, plus a beautiful addition by Gene Edwards as he sees evangelism over a generation later.

The book is a treasure. From an author who rose to fame at age twenty-five, stepped off the stage at thirty, and a decade later rose again to national attention as one who writes and speaks on the deep things of Christ. In 1960—and in Century Twenty-One.

"How I witnessed to others about Christ when I was in my early twenties, and how I speak to others about Christ . . . NOW."

\$10.95

Here is another book that is 300 years old and has never been out of print!

Along with *Experiencing the Depths of Jesus Christ*, this is another piece of Christian literature that has stood the test of the centuries. An estimated 22 million copies of the original *The Practice of the Presence of God* have been printed in the English language alone. In recent years, however, interest in that book has waned as the original English edition became so outdated that it was virtually unreadable. The publishers have revised and reissued this book under the title *Practicing His Presence* and the **profundity, depth, and beauty** of Brother Lawrence's masterpiece lives again!

We have also included in this edition, not only the letters of Brother Lawrence - from the 17th century - but also those of Frank Laubach - from the 20th century - who, like Brother Lawrence before him, wrote a series of letters chronicling his experiences in practicing the presence of Jesus Christ.

Unleashing the Word of God

As a result, we cannot know what the New Testament is saying.

We have never seen the church of Century One. We do not know what happened in the first Christian century. We have no model of the first century from which to work. Counterwise, we have been creating Christian practices made up of verses from the New Testament, never seeing the entire panoramic saga. *Unleashing the Word of God* is a must read. The First-Century Diaries

Change the way you read the Bible . . . *The story comes alive!*

There is archeology in the Diaries, though you cannot find it. History, too, but it is hidden. Information never known before is slipped between the narratives. There is also edge-of-the-seat suspense, conflict, danger, and even villains. One might think that it is like a novel.

Bible study, yes, a seminary education is hiding in there . . . a treasure trove of learning and a world of teaching. The truth is, the Diaries are a Bible commentary disguised as great literature. Unless you tell, no one will ever know: They will think the Diaries as dramatic and dynamic narrative, but never Bible commentary!

The Diaries cover the years 47 - 68 AD, when virtually all the New Testament was written.

In circa 340 AD, the 22 letters of your New Testament were arranged in a chaotic order. That chaotic order has been in every New Testament for 1700 years. That same jumble of epistles and gospels has prevented us from seeing the first-century story ever since.

This is the very first time that story has ever seen the light of day.

In each of the following diaries, five eyewitnesses tell the story from 47 – 68 AD.

Here is the story of those twenty-one years, written in first person. It starts with Paul's first journey, as told by Silas, and finishes with book five which covers Paul's last days. The story is all there . . . over one thousand pages in five books.

Order any Diary and we will send you a chart for reading the New Testament in its original order.

The Silas Diary

by Gene Edwards

Volume One of **The First Century Diaries**
covering Feb 47 to June 50 AD

The Silas Diary gives you the dramatic background of Paul's harrowing first journey and the **edge-of-your-seat** background to the writing of Galatians.

During Paul's first journey, you read of a whipping on Cyprus, a shipwreck near the harbor in Pamphylia, terrifying dangers, robbers and brigands, being swept away by rivers near Galatia, a beating in Pisidia, the journey to Iconium, then on to Lystra, with **vivid descriptions** of those cities, and what happened to Paul in each place. Paul's visit to Derbe, his return home, and his report to the church in Antioch - all with accurate visual images of those places.

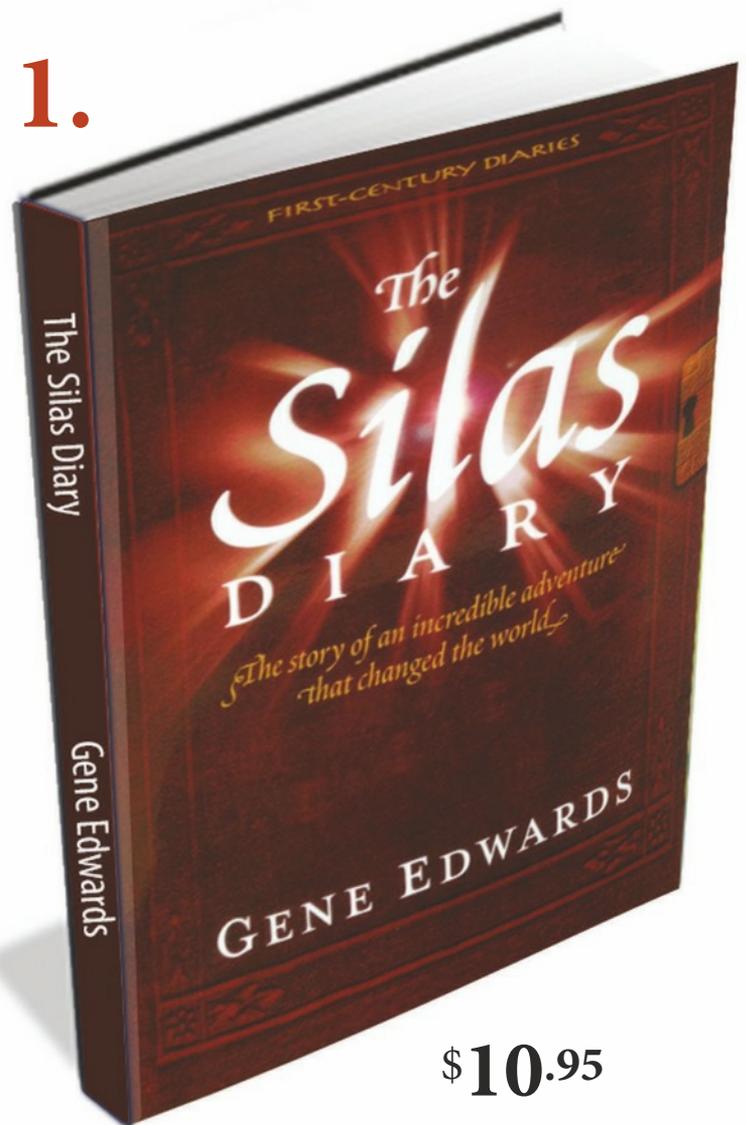

The story includes information which has **never been found** in English, as the author's sources were Greek and Latin scholars, as well as places which he himself visited.

When Paul returned home, unknown to him, Pharisees had visited all four churches near Galatia, telling the believers they were not saved without circumcision.

The Diary closes with Paul writing his letter to the four churches in Galatia. If you want to understand Galatians, *The Silas Diary* is your first and best choice.

There is more information about Journey One and Galatians than you will find in any other book now available.

When a Church is in Crisis. . . **Climb the Highest Mountain**

by Gene Edwards

Few pieces of Christian literature ever address the subject of **division in the body of Christ**. Fewer still address the problem of how a Christian should conduct himself in such times and how to **survive the aftermath**.

Every Christian will face division at some time in his life. Many will be caught up in the vortex of a conflagration so great that they very well may be destroyed. Few believers - if any at all - are spiritually prepared for such a devastating ordeal.

Gene Edwards raises a new standard of conduct for Christians who find themselves in such a crisis, and points them to a way out . . . unscarred.

If you are one of those many Christians who have been profoundly affected by the beautiful story in the widely received *A Tale of Three Kings*, then you will wish to explore the message found in *Climb The Highest Mountain*.

by Gene Edwards

In *Letters to a Devastated Christian*, Gene Edwards explains the different techniques practiced by Christian groups who demand extreme submission and passivity from their members.

The book's final chapters include some very personal and practical letters to those who have left such groups and are faced with the difficult task of dealing with bitterness and resentment and **rebuilding their faith and trust.**
